Kasarmikatu 21-complex is now fully let

The complex, which is conducted in collaboration with Ahlström Capital, HGR Property Partners and YIT in the Kaartinkaupunki district in Helsinki, is fully let six months prior to completion. Kasarmikatu 21 has concluded multi-year lease agreements for the last two vacant premises.

The office premise will be leased by a consulting company, and the business space will be leased by a furniture company which will open a high quality store and showroom in the complex. Other tenants are anchor tenant Roschier Attorneys Ltd, Danske Bank and Taaleri, a financial services company. The restaurant and function rooms in the estate have been leased to the owners of restaurant Juuri.

– An essential purpose of the project is to with the City of Helsinki lift the profile of the Kaartinkaupunki district and enliven the Kasarmitori area. The fully let, high-quality complex with diverse services to tenants as well as to residents will no doubt reach this target, says Hans Sohlström, President and CEO of Ahlström Capital.
